## Do You Remember . . .

when these now famous Cymbidium hybrids were offered as inexpensive small seedlings . . . *Santa Barbara, Clare Armstrong, Jungfrau, Inamorata, Balkis, Princess Elizabeth?* Every fine orchid in the world was once an unproven seedling; so the time to buy quality orchids at a low price is in the seedling stage.

We are receiving reservations and orders for Cymbidium seedlings in unexpected volume. Some crosses offered in our new Catalog #26 soon may no longer be available. *If You Desire To Place Your Order at This Time for Later Delivery* we will protect your requirements against possible shortage of stocks. Catalog #26 offers a wide choice of Cymbidium seedlings bred from the finest stud plants employing the best and latest in scientific procedure.

*No Finer Bred Seedlings Have Ever Been Offered. Your Collection Should Include Some of the Following —*

**ALEXANDERI, "WESTONBIRT", FCC.RHS**, we offer in **10 promising crosses**.

**BABYLON, "CASTLE HILL", FCC.RHS**, which has recently received international recognition as a parent, is crossed with **12 proven hybrids**.

**BALKIS, "SILVER ORB", AM.AOS**, is used in **5 new crosses**. There is no doubt that Balkis, "Silver Orb", AM.AOS will place amongst the very best in stud plants.

**PAUWELSII, "COMTE de HEMPTINNE", FCC.RHS** crosses and **SUSSEX** crosses.

*A Hybrid from the "Exciting"*

**EARLY BIRD, "PACIFIC", AM.RHS**. A new early blooming Tetraploid — probably the beginning of a new group of quality early bloomers.

**NEW MINIATURE CYMBIDIUM CROSSES.**

**PROMISING PINKS — REDS — GREENS.**
